AMENDMENT AFTER FINAL REJECTION

Responsive to the Office Action of 12/10/98, please
amend as follows:

Cancel claims 6-8, 15 and 16.

Add new claim 17.

--17. A hand-held tool for shearing by transverse forces a body having a non-circular cross-section by the application of torsional force, said tool comprising upper and lower discs, each of said discs having an upper side and a lower side, said upper disc having opposing cutting edges in the form of a slot of fixed dimension at its lower side and said lower disc having opposing cutting edges in the form of a slot of fixed dimension at its upper side, said sides directly touching each other at said edges, each of said discs having a handle attached thereto for rotating said discs counter to one another about a rotation axis to apply a torsional shearing force on the body in a plane transverse to the longitudinal axis of the body, said

Date of Deposit JUNE 10, 1999
I hereby certify under 37 CFR 1.8(a) that this correspondence is being deposited with the United States Postal Service as first class mail with sufficient postage on the date indicated above and is addressed to the Assistant Commissioner for Patents, Washington, D.C. 20231.
